Peter,

Sorry about that. The following is our response:

The footnote to page W-16 should say "Additions were financed by the utility", instead of "Additions were financed by the utility and customers". There were no contributed services in 2001.

Please let me know if you have any other questions.

\*\*\*\*\*

Thanks for your response Amanda.

Following up on item number 1, please explain why there are no contributions on page F-17 for those water services described in the footnotes to page W-16 as financed by the customers.

RE: 2001 PSC Analytical Review

This memo is in response to the letter dated July 23, 2002 to the Friendship Water Utility regarding the 2001 Analytical Review. The following issues have been addressed in the same order as the letter:

1. The \$22,481 reported on line 3 of Account 271 on page F-17 is for watermain, which is partially assessed to customers for Quincy Street and North Street.
2. The \$14,542 reported as meter additions on schedule W-08 includes the installation of a meter vault for \$10,000.

2001 Analytical Review DWCCA-2140-PJL

Dear Ms. Pierce:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2001 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issue(s):

1. Given that it is reported in the footnotes to the Water Services schedule that the additions were financed by the utility and customers, please confirm that the \$22,481 reported for main additions on line 3 of Account 271 on page F-17 should actually be moved to line 2 for services.

2. Based upon a review of your utility's data, the average cost of meters was \$485. Please provide a sample copy of an invoice for the 30 meters installed in 2001. In addition, please provide the average cost to install the meters.

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.

We appreciate your cooperation in providing the above information. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is peter.leege@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,

Peter J. Leege
